HARSHIT SINGH

Software Developer | Backend Engineering & Mobile Applications

Bengaluru, India | harshitsinghh1128@gmail.com

GitHub | LinkedIn | Portfolio

PROFILE

Computer Science student focused on backend engineering and mobile application development. Builds practical software projects involving APIs, application workflows, and database-backed systems. Interested in contributing to real-world engineering teams and continuing to grow through hands-on development.

TECHNICAL SKILLS

Languages: Java, JavaScript, TypeScript, Swift, Dart, Python, SQL, HTML, CSS
Frameworks & Technologies: React, React Native, Flutter, FastAPI, Spring Boot, REST APIs
Databases: PostgreSQL
Tools: Git, GitHub, Postman, VS Code, IntelliJ IDEA

PROJECTS

CampusMart | React Native, Expo, TypeScript
Developing a campus-focused marketplace application with reusable screens and application workflows.

ScopeLock AI | AI-assisted project
Built a project that reached the final round of a Hacktoberfest / MLH event.

TicketPilot | Python, FastAPI, agent workflows
Developing an agent-based workflow prototype; not a live ticket-booking or railway-availability service.

Marupade — Lost and Found Portal | Web application
Built a portal concept to help users report and locate lost items.

Flutter Credit Card UI | Flutter, Dart
Created a mobile interface project focused on reusable UI components.

OrgCore — Employee Management Database | SQL
Designed an employee-management database project using relational data concepts.

ADDITIONAL EXPERIENCE

Co-founder & Lead — Versoid | Jul 2026–Nov 2026
Contributed to an early-stage product focused on coding-platform communities, weekly competitions, and recruiter connections.

Open-source contributor
Submitted Metabase PR #84991 to address SQL autocomplete behavior when text follows the cursor. Contribution status should be verified before describing it as merged.

Problem solving
Solved 100+ problems across LeetCode and HackerRank.

CERTIFICATIONS & ACHIEVEMENTS

HackerRank certifications: SQL, Java

Zero to One — 3rd Place (June 2026)

Orchestrate — Finalist (October 2026)

Hacktoberfest / MLH — Final round (October 2026)

EDUCATION

B.E. in Computer Science and Engineering
Dayananda Sagar College of Engineering, Bengaluru, India | Expected 2029
